

Subtraction

Write 4 subtraction story problems. Use a different type of subtraction for each one.

a) Take Away b) Comparing c) Missing Addend d) Unknown Part

1. Take Away $16 - 7 =$

2. Comparing $18 - 14 =$

3. Missing Addend $8 + \square = 12$

4. Unknown Part $15 - 7 =$

1. Check back to the examples on pg. 7. Make sure that each story problem is the right kind, and has a question at the end!
2. Have your problems checked by the teacher.
3. Correct any problems that were not written properly.
4. Swap with someone else who has finished and answer their problems.
